

ES AMERICAN SCHOOL ECO-CODE

ES American School is committed to fostering environmental mindfulness and responsibility within our student body and broader community. We strive to lead by example and create positive environmental change through our daily practices and educational initiatives.

1. **Respect and Protect:** Treat all living beings and the environment with care and respect.
2. **Reduce Waste:** Minimize food, packaging, and paper waste through reducing, reusing, and recycling.
3. **Sustainable Choices:** Promote and practice mindful, sustainable food choices.
4. **Conserve Resources:** Save energy and water by using them efficiently and responsibly.
5. **Green Spaces:** Expand and care for our school's gardens and natural areas.
6. **Eco-Friendly Transport:** Encourage walking, cycling, carpooling, and public transport.
7. **Sustainable Supplies:** Prioritize environmentally friendly materials and resources.
8. **Community Collaboration:** Partner with local organizations for environmental initiatives.
9. **Learn and Share:** Educate ourselves and others about sustainability through workshops and activities.
10. **Local Action, Global Impact:** Make decisions that benefit our local environment and contribute to global sustainability.
